Association of Corporate Patent Counsel

Dear June 2012 ACPC Meeting Attendees:

We are happy that you have registered to attend the ACPC's Annual Meeting in Beaver Creek, CO just west of Vail. All of our plans are in place for a terrific meeting.

Our Professional Program should prove very educational with three different presentations from our members sharing benchmark information on their "IP Operations," some interesting panels covering hot topics in both U.S. and China IP law, and patent litigation strategies following the America Invents Act (AIA), to name a few.

Andrew Faile will be the Keynote Speaker for an important update from the USPTO.

We are also delighted to have Joe Matal, Judiciary Committee Counsel to Senator Kyl serving on one of our panels.

Frank Landgraff, from GE, has arranged the Monday golf tournament and open play on Tuesday at Beaver Creek Golf Club. We also have other wonderful activities available, such as: whitewater rafting and lunch in Vail followed by a tour of the Betty Ford Alpine Gardens.

Our meetings provide an opportunity for you to meet and get to know your peers. It is probably our most important member benefit. Please keep a look out for new ACPC Members who will be wearing red ribbons.

As always, please don't hesitate to reach out to me or any member of ACPC's Executive Committee with your thoughts and ideas about future programs.

I look forward to seeing you!

Warm Regards,

Russ Slifer
President

Speaker Biographies

Speaker Information for Monday, June 25 (in order of appearance)

Russ Slifer, *Chief Patent Counsel, Micron Technology*

Russ Slifer is the Chief Patent Counsel for MICRON TECHNOLOGY, INC. where he is responsible for IP portfolio management, including domestic and international patent prosecution. Russ has extensive management experience in both corporate and private practice. He has a J.D. from Northern Illinois University and a B.S. in Electrical Engineering from Iowa State University.

Phil Johnson, *Chief Intellectual Property Counsel, Johnson & Johnson*

Philip S. Johnson is Chief Intellectual Property Counsel for Johnson & Johnson, having joined the corporation in January 2000 after 27 years in private practice serving clients including Johnson & Johnson. In this position, he oversees about 100 patent and trademark attorneys in the US, Asia & Europe, and advises Johnson & Johnson's top management on patent matters relating to its 200 plus operating companies worldwide. Phil is Chair of the Board of Directors of the American Intellectual Property Law Education Foundation, Vice President of the Intellectual Property Owners Association, a member of the Board of the Intellectual Property Owners Association Education Foundation (Past President), of the American Intellectual Property Law Association Board, of the Steering Committee of the Coalition for 21st Century Patent Reform, of the Association of Corporate Patent Counsel (Past President), and of PhRMA's IP Focus Group (Chair Emeritus). He is also a past President of INTERPAT. Before joining Johnson & Johnson, Phil was a senior partner and co-chair of litigation in the intellectual property law firm of Woodcock Washburn in Philadelphia, where he specialized in intellectual property issues affecting major pharmaceutical, medical device and consumer product companies. Phil has served as trial counsel in over 100 patent cases, including over 50 resulting in reported decisions of the federal district courts and/or of the Federal Circuit Court of Appeals. Phil is a frequent speaker, and has testified before both the House and Senate Judiciary Committees in three of the last four Congresses on the subject of patent law reform, and was recognized in the Congressional Record as an important member of the Minority Whip's "Kitchen Cabinet" for the America Invents Act. Most recently, Phil served as IPO's representative on the ABA-AIPLA-IPO "committee of experts" proposing to the USPTO implementing regulations for PTR-IPR proceedings under the AIA. Phil received his Bachelor of Science degree, cum laude with distinction in biology from Bucknell University and his J.D. degree from Harvard Law School, where his third year advisor was now-Supreme Court Justice Stephen Breyer.

Seth Waxman, *Partner, Wilmer Cutler Pickering Hale and Dorr*

Solicitor General of the United States from 1997 to 2001, Seth Waxman is a partner at Wilmer, Cutler, Pickering, Hale and Dorr and a member of the faculty at the Georgetown University Law Center. He is a 1973 *summa cum laude* graduate of Harvard College, and a 1977 graduate of the Yale Law School, where he was managing editor of the *Yale Law Journal*. Mr. Waxman's practice, which spans both trial and appellate litigation in federal and state courts, has focused increasingly over the past several years on intellectual-property litigation, particularly patent litigation in the Federal Circuit and the Supreme Court (where his arguments include *Microsoft v. i4i*, *eBay v. MercExchange*, and *Intel v. AT&T*). A Fellow of the American Academy of Arts and Sciences, the American College of Trial Lawyers, and the American Academy of Appellate Attorneys, Mr. Waxman has received numerous awards for public service, scholarship, and advocacy, including the Thomas Jefferson Medal in Law and the American Bar Association's *Pro Bono Publico* award.

Joe Matal, *Judiciary Committee Counsel, Senator Jon Kyl*

Joe Matal has been a Judiciary Committee counsel to Senator Jon Kyl since 2002, except that he served as the Republican General Counsel of the Committee while Senator Jeff Sessions was the ranking member from 2009 through 2010. He was one of the principal legislative staff involved in the drafting and floor management of the American Invents Act, and recently published the first part of two-part law-review article about the legislative history of the Act. Joe has also worked as an associate attorney at Gibson, Dunn & Crutcher, as a law clerk to a judge on the U.S. Court of Appeals for the Ninth Circuit, and is a 1996 graduate of Boalt Hall School of Law.

Andrew Faile, *Deputy Commissioner for Patents, United States Patent and Trademark Office*

Andrew Faile has over 20 years of USPTO experience in patent examining and patent operations management. Mr. Faile joined the USPTO in 1989 as an examiner in Group 260 and examined patent applications in the subject matter areas of cellular telephony, RF communications, and cable television. Mr. Faile received an examiner master's rating in the telecommunications technology in 1994 and was promoted to the position of Supervisory Patent Examiner in Group 260 in 1996. In this role, Mr. Faile managed a group of patent examiners in both the camera and TV recording technologies. He served on a work assignment/detail to the Office of the Commissioner of Patents and has represented management in negotiations with both the examiner's union (POPA) and with the technical support staff employee's union (NTEU 243). Mr. Faile was appointed to the Senior Executive Service (SES) as a Group Director in 2005 and was promoted to Assistant Deputy for Patent Operations in 2007. Recently, Mr. Faile served on a joint management/union taskforce charged with modifying the examiner production system and was awarded the Department of Commerce Silver Medal for his efforts. Mr. Faile is a graduate of the University of Maryland with a BS degree in Electrical Engineering.

He was a member of the Law Review and received his law degree in 1974. Tim joined Niro, Haller & Niro in 1978. Tim has been engaged in civil litigation throughout the United States, primarily in the Federal Courts, concentrating in patent, trade secret and licensing related matters. Tim has authored articles for legal publications on issues related to intellectual property and has served on committees in various bar and professional organizations. Tim has had lead responsibility in litigating patent matters for both plaintiffs and defendants. He frequently represents individual inventors and small companies that support enforcement and licensing efforts by inventors, although clients also include Fortune 500 corporations. Examples of subject matters handled include jet engine components, CO detectors, electrocardiogram equipment, as well as voice recognition systems, mobile air-conditioning systems, signal encryption and electronic banking systems. In recent years, Tim has obtained a number of multi-million dollar results for his clients, some of which include significant licensing programs. Such results included actions on behalf of United Technologies Automotive against National Semiconductor on semiconductor sensing devices and against Fairchild Semiconductor on encryption systems. Representative larger clients include Pratt & Whitney, United Technologies Research Center, Communications Research Centre of Canada and Lear Corporation (Lear's patent action tried to favorable verdict in February, 2011 against Johnson Controls Corporation).

Wayne Sobon, *VP, Chief IP Counsel, IP Development, Rambus*

Mr. Berten attended the University of Virginia School of Architecture and holds a degree in Urban Planning.

Kirk Dailey, *Corporate Vice President, Intellectual Property, Motorola Mobility*

Kirk Dailey, who joined Motorola in 1989, brings more than 20 years experience in all the facets of intellectual property including a successful track record of licensing patents, technology and trademarks. Currently, Kirk is Corporate Vice President of Intellectual Property and is responsible for an intellectual property business at Motorola that builds, maintains and leverages a world-class IP portfolio to provide freedom of action and revenue for the business. Kirk has created strategic patent portfolios that are aligned with and support the business objectives. Since becoming Corporate Vice President, Kirk has successfully led numerous negotiations to completion with favorable results for the Corporation. Prior to running the intellectual property business, Kirk was a key patent lawyer and intellectual property lawyer for Motorola. As a lawyer in Chicago, Boston and London for Motorola, Kirk developed key IP strategies and negotiated related agreements for accessing key 2G, 3G and 4G communication technologies and leveraging Motorola's related portfolios. Kirk holds a bachelor degree in electrical engineering from the University of Michigan and a law degree from DePaul University College of Law.

Tim Crean, *Chief IP Officer, SAP*

Tim Crean is the Chief Intellectual Property Officer for SAP AG. Tim leads a global team of IP professionals in the procurement, licensing, and litigation of patent, copyright, trademark, and trade secret matters for SAP.

John Murphy, *Associate, Woodcock Washburn LLP*

John Murphy is an attorney with Woodcock Washburn LLP in Philadelphia. John focuses his practice on patent, copyright, trademark, trade secret, and other intellectual property litigation. He has appeared and participated in numerous disputes in U.S. District Court and the U.S. Court of Appeals for the Federal Circuit on behalf of both plaintiffs and defendants. During these representations, John has been involved with a variety of technologies, including medical devices and materials, chemical and biological therapeutics, electrical and mechanical devices, cryptographic and other software, as well as proprietary business information. In addition to litigation, John's practice includes other phases of the intellectual property life cycle, including U.S. and foreign prosecution, patentability studies, freedom-to-operate studies, and licensing. John served as a clerk for the Honorable Kimberly A. Moore of the U.S. Court of Appeals for the Federal Circuit. Drawing on his practice and his experience clerking, John regularly writes and speaks on the subject of the Federal Circuit and its decisions. John is a graduate of Harvard Law School, where he was editor-in-chief of the Harvard Journal of Law & Technology. He also draws on both specific and general aspects of his technical background in his practice. Prior to law school, he completed his Ph.D. at Caltech, where he focused on the analysis of gene expression in the context of a laboratory focused on developing new methods for non-viral gene therapy. First, he developed and patented a new quantitative method for measuring the abundance of particular sequences of mRNA. Second, in conjunction with the Machine Learning Systems Group at NASA's Jet Propulsion Laboratory, he developed new computational methods for finding biologically significant patterns in large-scale gene expression data. John obtained his undergraduate degree summa cum laude in Chemical Engineering from Cornell University. John also represents veterans (on a pro bono basis) before the U.S. Court of Appeals for Veterans Claims, seeking to establish their entitlement to veterans benefits and other related issues.

Bob Stoll, *Partner, Drinker Biddle*

Robert L. Stoll is a partner on Drinker Biddle's Patent team of the Intellectual Property Practice Group. Bob retired from the USPTO as Commissioner for Patents at the end of 2011 after a distinguished 34-year government career. He was instrumental in the passage of landmark patent legislation, the America Invents Act, and lauded for his efforts to reduce patent pendency and improve patent quality. Having risen from the rank of examiner to lead the 8,000 employee organization, he has spent his career improving the intellectual property system. He focused on educating the public, applicants, corporations and foreign governments on the criticality of intellectual property to economic growth and job creation and stressed the importance of a comprehensive understanding of the complex intellectual property laws to best use the system to protect an invention. Bob earned his law degree from Catholic University while working at the USPTO. He received his bachelor's degree

in chemical engineering from the University of Maryland.
